01. Footnote for uncertain tax position under FIN 48 (Part X)

Hopkins House has adopted authoritative guidance relating to accounting for uncertainty in income taxes. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Hopkins House performed an evaluation of uncertain tax positions as of year end, and determined that there were no taxes due or other matters that may have an effect on its tax-exempt status.

Hopkins House's policy would be to recognize interest and penalties on tax positions related to its unrecognized tax benefits in income tax expense in the financial statements. Through year end, there have been no matters that would have resulted in an accrual for interest and/or penalties.
